

# CERTIFIED ORGANIC\* SPF30 WATER & ALTITUDE PROTECTIVE LIP BALM

## > Product description :

Particularly sensitive to external stress, the lips require special protection. The Water & Altitude Protective Lip Balm was created to ensure optimal protection in all extreme conditions, at sea level and above the clouds (intense exposure to UV, wind, water, salt, etc. during outdoor activities for example). The Water & Altitude Protective Lip Balm has an **ultra-technical formula** : it **protects from UV** and the **damaging effects of free radicals**, while forming a **long-lasting protective cocoon** which shields lips from external stress, **prevents drying, soothes and softens**.

Imagined by and resulting from a close collaboration between our Laboratory and our athletes, the Water & Altitude Lip Balm is the best combination of scientific expertise and practicality.

## > Characteristics :

- Cellular protection : UVA/UVB et free radicals
- Highly wind- and water-resistant
- Without preservatives
- Persistent protective barrier effect: highly long-lasting hold
- Moisturizing sensation
- Fragrance-free, odourless, non whitening
- Doesn't break, melt or flake

## > Tips for use :

- Apply Lip Balm before any sun exposure, especially in extreme conditions: at the seaside and above the clouds
- Reapply as often as necessary in sufficient quantities
- Follow sun protection guidelines

## Packaging :

- 15 ml tube with beveled tip
- Compact format, slips easily into a pocket

## > Active ingredients :

- Mineral sunscreens (Micronized Titanium Dioxide and Zinc Oxide) : broad spectrum protection (UVA/UVB )
- *Alga-Gorria*<sup>®</sup>: patented Red algae (*Gelidium sesquipedale*) extract, powerful antioxidant
- Organic Jojoba oil\* : softens, nourishes and limits dehydration
- Organic Castor oil\*: nourishes and softens, rehydrates dry lips
- Plant-based Polyglycerides: form a protective layer on the lips, limiting dehydration (moisturizing effect) and increasing water resistance
- Organic\* Beeswax: forms a protective film, increasing the lasting power of the product
- Essential Fatty Acids (Linoleic Acid and Linolenic Acid): offer comfort, suppleness and protection from external stress
