

ALGA Natis®

GENTLE OLEO-CALCAREOUS LINIMENT CERTIFIED ORGANIC*

PRODUCT DESCRIPTION

CLEAN AND PREVENT IRRITATION ON THE BOTTOM.

With Alga-Paisium, an exclusive extract that soothes the fragile skin of the newborn and prevents irritation.

During the changing of the diaper, the Gentle Oleo-Calcareous Liniment cleanses the skin of the infant, while nourishing and creating a protective layer that insulates it from external irritants (urine, stool, rubbing of the diaper). This protective layer combined with Alga-Paisium prevents the appearance of redness on the baby's bottom.

The alkaline pH of the liniment neutralizes the acidity of urine to restore a pH close to that of the skin.

For clean, soft, soothed and protected skin.

Suitable for diaper change. No rinsing required. Recommended for diaper rash.

No added fragrance. Hypoallergenic. Tested under pediatric, dermatologist and gynecologist supervision.

Safe for use from birth (with the exception of premature babies)

Packaging :

500 ml and 200 ml Containers

CHARACTERISTICS

- High-tolerance formula
- Usable from birth
- Alga-Paisium, exclusive extract, soothes and prevents skin irritation
- Recommended for diaper rash
