

Certified Organic* Eye Contour Care METEO LOGIC

> Product description

The eye contour is a sensitive area that requires specific active skincare ingredients.

The complete formula of the METEO LOGIC® Eye Contour Care ensures a well-rested, bright and revitalized gaze:

- Moisturing active ingredients soften and plump the skin, erasing signs of fatigue
- *Alga-Gorria*®, patented powerful antioxidant extract protects cells from environmental attack (stress, pollution, etc..) and slows the appearance of the signs of skin ageing
- A quinoa extract with capillary protectant effect reduces dark circles.
- Illuminating pigments blur crow's feet.
- Refreshing gel-cream, with alpha-bisabolol's soothing action contribute to the well being of this sensitive area.

The Eye Contour Care ensures perfect complementarity with the other METEO LOGIC® skincare range.

> Tips for use :

- Apply carefully to the contours of the eye in the morning and/or evening along with other METEO LOGIC® skincare products .

> Characteristics

- Fine, soft texture which is perfectly suited to the thin skin surrounding the eye
- With quinoa extract : external aggression, stress and fatigue will have less impact on dark circles, the eyes will appear brighter
- Tested under dermatological and ophtalmological control on sensitive eyes and contact lens wearers
- Fragrance-free

> Packaging

- 15 mL pump bottle
- Airless pack allows for complete restitution of the product and the presence of a minimum preservatives
- Recyclable container

> Active ingredients

- *Alga Gorria*®: patented Red Algae extract (*Gelidium sesquipedale*), powerful antioxidant, protects cells and prevents from skin ageing by effectively neutralizing free radicals
- Contains quinoa extract : capillary protectant effect, protects the cells in the capillary walls, limits the formation of new blood capillaries, and maintains skin elasticity
- Organic Aloe Vera* : soothing (reduces irritation), moisturising, and protects (forms a barrier on the skin surface that prevents moisture loss).
- Natural Alpha-Bisabolol : soothes skin irritation and eases sensations of discomfort.
- Sodium Hyaluronate : moisturising, NMF component (Natural Moisturizing Factor), retains water, playing the role of a water reservoir on the skin surface.
- Nourishing complex composed of organic* plum oil, botanical squalane and essential fatty acids (linoleic and linolenic acids) : provides comfort, suppleness and protection against environmental attack
- Organic* Glycerin: humectant, moisturising (hygroscopic effect).

* Natural and Organic Cosmetic certified by ECOCERT Greenlife according to ECOCERT standard available at <http://cosmetics.ecocert.com>.
